The diagram illustrates the assembly of the K 770 SMARTGUARD II GUARDS II. It features a large, curved main guard (1) and a smaller, rectangular sub-guard (10). Various components are shown in their relative positions for assembly, including:

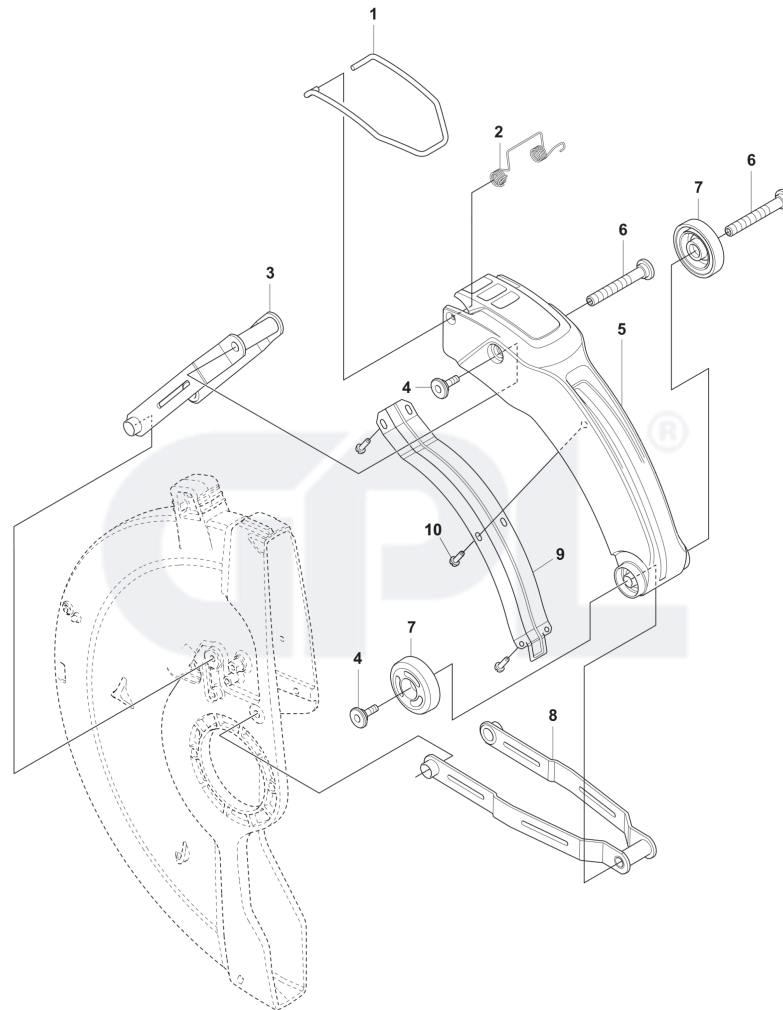

- 1**: Main curved guard plate.
- 2**: Small rectangular plate or bracket.
- 3**: Screws used for securing components.
- 4**: A coiled spring or cable.
- 5**: A bracket or support arm.
- 6**: A pin or connector.
- 7**: A small cylindrical component.
- 8**: A pin or connector.
- 9**: A coiled spring or cable.
- 10**: A rectangular sub-guard plate.

The diagram shows the main guard (1) with a central circular opening. The sub-guard (10) is positioned to be attached to the bottom of the main guard. Various pins (6, 7, 8) and screws (3) are used to secure the assembly. Springs (4, 9) are shown attached to the guard plates. A bracket (5) is shown attached to the side of the main guard. A small rectangular plate (2) is shown attached to the top of the main guard. The diagram is a technical drawing with dashed lines indicating the assembly path and the relative positions of the components.
